FIND YOUR PERFECT FIT

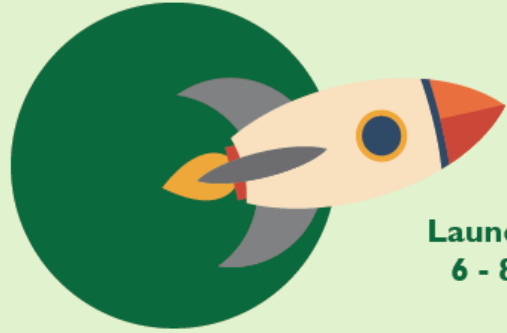

With InvesTrade's customizable deployment, ranging from a rapid and cost-effective solution hosted entirely on the cloud and deployed within 6-8 weeks, to a supremely robust and secure deployment on dedicated servers.

End-to-End

Infocast InvesTrade is ideally packaged as a single end-to-end (E2E) solution, comprising all the functions, modules and infrastructure to run your brokerage business.

Tailored-Fit

InvesTrade is also available as separate components to better fit your specific business needs. Each component can integrate with your existing system to expand your trading repertoire.

Launch within
6 - 8 weeks

Cost-effective

Global Trade

Zero capital investment multi-market trading with the award-winning InvesTrade Agent Solution business model, or alternatively connect to global partners via integrated FIX engine.

Choice of hosting model to suit your infrastructure needs.

FAST, STABLE & SAFE

CYBERSECURITY

System security and data protection are our key priorities. InvesTrade is developed from the ground-up to maintain the highest cybersecurity standards and provide you with peace of mind that your business is in safe hands.

SYSTEM SECURITY & PERFORMANCE

InvesTrade's high availability (HA) architecture delivers the best levels of performance, stability, robustness and resilience. Get ahead of the competition and trade at the best market price.

Infocast has a proven implementation track record. InvesTrade's data migration and segregation procedures are securely controlled and reviewed by KPMG. Front-end systems are regularly tested by independent cybersecurity specialists.

Latency:
<100ms

Throughput:
500/s

Stability:
>99.9% uptime

Servers:
Active-Active
HA cluster

Resilience:
<1 min failover

FRONT OFFICE

Packing the most advanced trading functions within an intuitive single-environment user interface, InvesTrade lets you trade what you want, how you want.

MULTIPLE MARKET TRADING

InvesTrade can trade multiple markets from a single platform. Overseas trades can be handled by our Agent Solution execution brokers, including Guotai Junan and UOB Kay Hian. Alternately, connect via FIX to global trading networks such as Ullink NYFIX and Bloomberg Exchange.

INSTANT NOTIFICATIONS

Real-time notifications are provided in 3 ways, including SMS, e-mail and push notifications. Any trade-related activities and account movements can be monitored and verified immediately.

REAL-TIME MARKET ANALYTICS

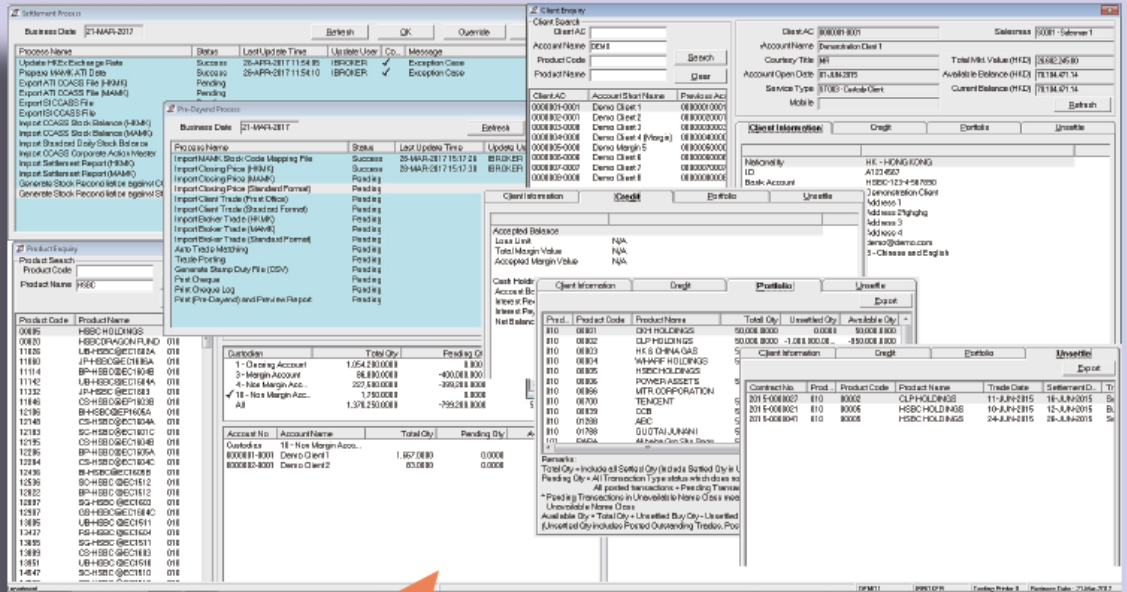

InvesTrade's advanced trading functions, real-time market data and superior analytics provide insight on market trends and help generate investment ideas. Top Trader Track, CBBC & Warrants Hunt and IPO Sponsor Performance functions deliver valuable information to pick the right stock.

OTHER HIGHLIGHTS

- Multiple User Interfaces
- Hot Keys To Trade
- Advanced Order Types
- Flexible Credit Checking
- Client Management

BACK OFFICE

MULTIPLE ASSET CLASSES

InvesTrade supports equities, funds, bonds and structured products. The system can support more than 20 corporate actions activities for the asset classes including dividend with scrip options, rights conversion, cash redemption, coupon interest, etc.

REGULATORY REPORTING

InvesTrade provides various types of reports that comply with SFC & HKEX requirements including Common Reporting Standard (CRS) and Financial Resources Rules (FRR).

ACCOUNT SYSTEM INTEGRATION

InvesTrade can integrate with different accounting systems such as MYOB and FlexAccount for streamlined business operation.

AWARD WINNING

PREMIUM SERVICE

With over 100 industry professionals, Infocast offers a unique combination of deep market knowledge, core competency in technology, and extensive years of professional experience.

SERVICE HIGHLIGHTS

- Experienced in providing personalized solutions and support to newly setup firms
- InvesTrade is updated quarterly to align with regulatory changes, HKEX exchange requirements and market trends

CLIENTS & TESTIMONIALS

“ Infocast delivered a tailored one-stop-shop trading solution for us. InvesTrade and the innovative Agent Solution enabled our company and our business partners to quickly connect to overseas stock markets. ”

Mr. Jeff Li,
Managing Director of Guotai Junan Securities (HK) Ltd.

We deployed InvesTrade to manage the securities trading for our private banking customers. It offers proven, enterprise-class solutions which integrated seamlessly with our private banking systems.

Mr. Tong Hon-shing,
Deputy Chief Executive & Chief Operating Officer of
The Bank of East Asia, Ltd.

“ Infocast InvesTrade is an ideal match for our needs. The cost-effective cloud solution enabled zero capital investment multi-market trading and was production-ready within 3 weeks. ”

Mr. Vincent Lee,
Chairman of Tung Tai Group
